

Insurance – Long Term Care

DEFINITION

Long-term care insurance (LTC or LTCI), an insurance product sold helping to provide for the cost of long-term care beyond a predetermined period. Long-term care insurance covers care generally not covered by health insurance, Medicare or Medical Assistance.

This is coverage that, under specified conditions, provides skilled nursing, Assisted Living, Home Care, Adult Day Services for a patient (generally over age 65) in a senior living facility or his or her residence.
