

# Medical Assistance Planning & Application

## **DEFINITION**

Medical Assistance (MA) is Minnesota's Medicaid program for low-income families with children, seniors and people with disabilities.

This section provides a list of attorneys and professionals specializing in assistance to an elderly and / or disabled individual with the process of completing and submitting Medical Assistance applications for approval from the State. The application process is complicated and the rules and laws are ever changing, therefore, assistance from an attorney or professional senior care manager is recommended.
